

Due: Nov. 23, 2024.

The review should be submitted in PDF format with the filename “Review-Your Name-Your Student No.”

The review should be submitted through the "Learning from ZJU" Platform (<https://courses.zju.edu.cn/>), or through the email to the TA (chentthree@zju.edu.cn) (not recommended, only for emergencies).

1. Literature review

Writing a review paper on any topic related to data mining. Please structure the paper as suggested in class.

Requirements:

Written assignment (>3000 words).

Covering at least 15 core papers.

Giving a taxonomy of the chosen area.

Directly using GPT for generation is prohibited (We have recently developed a model to detect fake documents generated from GPT. Please do not test its performance).
